"Magee Preserve [YES on Y] represents the **best outcome for development that will inevitably occur** on this coveted property."

NEWS RELEASE EAST BAY Regional Park District
EAST BAY REGIONAL PARK DISTRICT: PUBLIC AFFAIRS DIVISION
EBRPD Will Accept Magee Acres of Open Space to Expand Sycamore Valley Open Space Preserve

VOTE YES ON Y FOR THE BENEFIT OF ALL DANVILLE RESIDENTS BY MAIL OR ON TUES., MARCH 3.

Ad paid for by Yes on Y, a Coalition of Danville Environmental and Community Leaders; Committee major funding from Davidon Homes

We All Agree, Along with Hundreds of Danville Families, Friends and Neighbors, That YES on Y Is Right for Danville's Future. Why? Because Measure Y Restricts Housing, Limits Development and Adds 381 Acres of Public Open Space at No Cost to Taxpayers.

Here's What They're Saying...

JANUARY 15, 2020

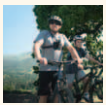

Helen Coleman, Danville Resident

"Jed Magee showed our girl scouts all around his ranch, and taught us how to tan hides, track animals, and other wonderful skills almost lost to today's society. That he is willing to share his property with Danville is a gift we can't afford to reject."

DECEMBER 13, 2019

Tom Raney, Danville Resident

"It benefits so many in the East Bay. Anyone who enjoys hiking, biking and open spaces. And great, uncluttered sight lines of hilltop ridges, protected forever. In terms of the Magee property, I can't see the Town of Danville ever getting such an advantageous arrangement again. Ninety-three percent of the project is devoted to open space!! Quite frankly, all I needed to know was that Save Mount Diablo was supportive - and endorsing - the deal. They don't give their name and reputation to the development of properties in our area without strong and stringent analysis. Vote Yes on Open Space - for the good of everyone in the community."

DECEMBER 12, 2019

Scott Bull, Danville Resident

"The project is smart and sensible. It has been thoroughly studied and was already approved by the town of Danville. Previous claims against the project have been rejected in court. Ultimately, the residents of Danville will benefit from the approval of the project in terms of the additional biking and hiking trails, while having the peace of mind that the land is permanently preserved. Detailed traffic studies indicate the existing traffic issues improvement incrementally with the added stop light and turn lanes. The benefits of the development simply outweigh the hypothetical concerns expressed by a small minority."

JANUARY 5, 2020

Glen and Ginny Weber, Danville Resident

"This is a one-time opportunity to allow very low-density non-obtrusive housing on a very small part of a large tract of scenic land in exchange for opening up trails and permanent public access. Trails will connect with other nearby trails thus increasing public accessibility. Safety for hikers and bicyclists near Diablo Road will be enhanced as well. This would be a win for our whole community and your yes vote is encouraged."

JANUARY 6, 2020

Scott Menard, Danville Resident

"I live very close to this project. Davidon Homes built the beautiful community next to Los Cerros Middle School and the other great project across from Monte Vista High School's student parking lot. Thankfully it's Davidon developing Magee Ranch. They build great homes in our community and will only make my neighborhood better, and help my home value go up! Not to mention, we need more housing. I proudly support this project."

NOVEMBER 25, 2019

James Jacobs, Danville Resident

"This is private land currently set for development as very large parcels. The owner and developer's new plan provides permanently protected open space with public access. Opponents act as if it is already public land, or worse, as if they have some right to the land. It would be nice if it was 100% public open space, but it's private property now. The plan addresses traffic flow via street and intersection improvements. It also addresses the long overdue bike path. As a resident in the immediate vicinity, I believe this is a valuable compromise and provides a public open space treasure."
